Krein
Aren't you late today?

GARAKUTA ALSO MEANS JUNK
YEA
Isn't Garakuta City a gathering place for delinquents?
If you hang out there for too long...
THAT'S NOT TRUE
pant
pant

Awww shucks, it's been five years since I last had foreign trade for a job
Maybe it's all because of his world traveler Papa?
He's so curious, I wonder who he got that from
Oh, that's unexpectedly close
Ah, I'm living in Bell now
You sound pretty comfortable living in Luimnigh

ぽっ
Krein
Come back home before dinner, alright
pant
pant
Food is best eaten with family
That's what family is for
That's right

THAT'S RIGHT
If you
make a wish upon the daystar...
キーコ
...
キーコ
THIS IS A STRANGE SONG
DON'T YOU USUALLY OFFER A PRAYER TO THE DAYSTAR?
キーコ

THAT'S RIGHT, I'M SURE
THAT IT WON'T EVEN RETURN THE FAVOR
I'M SURE THAT THE DAYSTAR CAN'T MAKE WISHES INTO REALITY
Heyyy!
I WISHED TO NO LONGER BE INSIGNIFICANT
AND

You sure like to play with your real body
Why don't you use an electronic Doppel?
THEN, ON THE CONTRARY, WHY DON'T YOU PLAY WITH YOUR REAL BODY?
THE DAYSTAR SIMPLY LAUGHED AT ME

WHAT? YOU TWO ARE BUSY RIGHT NOW?
and the AI can handle communication for me
HMPH
Eh... it's more convenient

...ISN'T THAT WRONG?
Yea... the Doppels are building up too much memory,
so we have our hands full in "experienc ing" all of them
What is it?

BEEP

Fractale is

using 22nd centry networking technology
the combination of several trillion computers
AWW WHAT, IT'S JUST A TEXTBOOK
THIS WOULD BE SO MUCH BETTER WITH MUSIC DATA
Even if one doesn't work, his right to life is guaranteed in this world with no place for conflicts
everyone can equally receive the basic necessities of life
All thanks to the Fractale terminals embedded in every person's body that regularly sends data to the Life Log in the server floating high in the skies,

BEEP
Fractale is truly the man-made God of the 22nd century
WHEN FRACTALE WAS JUST ESTABLISHED, HUH
WHICH MEANS THAT THIS IS AN ANTIQUE
JUST AS THE BOOK SAYS, IT'S QUITE COMFORTABLE
THE "FUTURE" IN THIS TEXTBOOK CERTAINLY DID COME
